

OUR STUDENT LIFE

There are a variety of supplemental activities that enhance students' core curriculum and provide opportunities for personal growth and development. These activities include the following, some of which are extra-curricular and others part of the curriculum.

- Scheduled recess for all grade levels allows students time to interact outside of the classroom.
- Athletic activities such as volleyball and basketball promote teamwork and physical fitness.
- Speech contest and Drama Club allow students to express themselves.
- Reading at Mass is good public speaking experience.
- After school Art gives students the opportunity to be creative.
- Opportunities to perform musically allow students to share their talents with others.
- Recycling Program is available to teach students the importance of a Green World

Students also participate in a number of celebrations, community service projects, and awareness programs throughout the year.
